

include/leveldb/options.h

```
graph TD; A[include/leveldb/options.h] --> B[stdint.h]; A --> C[leveldb/export.h]
```

The diagram illustrates the preprocessor directives within the file include/leveldb/options.h. Two blue arrows originate from the bottom of the top box and point to the two boxes below it, indicating that options.h includes both stddef.h and leveldb/export.h.

stdint.h

leveldb/export.h
