

leveldb::TEST

```
graph LR; A[leveldb::TEST] --> B[leveldb::Status::IsCorruption]
```

A diagram showing a call from the `leveldb::TEST` function to the `leveldb::Status::IsCorruption` method. The `leveldb::TEST` box is shaded gray, and the `leveldb::Status::IsCorruption` box is white. A blue arrow points from the left box to the right box.

leveldb::Status::IsCorruption
