

leveldb::TEST

leveldb::InternalKeyComparator  
::FindShortSuccessor

leveldb::Comparator  
::FindShortSuccessor

```
graph LR; A[leveldb::TEST] --> C[leveldb::Comparator::FindShortSuccessor]; B[leveldb::InternalKeyComparator::FindShortSuccessor] --> C;
```

The diagram illustrates a relationship between three components. On the left, there are two white rectangular boxes. The top box contains the text 'leveldb::TEST'. The bottom box contains the text 'leveldb::InternalKeyComparator' followed by '::FindShortSuccessor' on a new line. On the right, there is a gray rectangular box containing the text 'leveldb::Comparator' followed by '::FindShortSuccessor' on a new line. Two blue arrows point from the right side of the two white boxes to the left side of the gray box. The arrow from the top white box points to the top of the gray box, and the arrow from the bottom white box points to the bottom of the gray box.
